

APPENDIX A

NFA, 26 U.S.C. Chapter 53

THE NATIONAL FIREARMS ACT

TITLE 26, UNITED STATES CODE, CHAPTER 53 INTERNAL REVENUE CODE

Editor's Note:

The National Firearms Act (NFA) is part of the Internal Revenue Code of 1986. The Internal Revenue Code, with the exception of the NF A, is administered and enforced by the Secretary of the Treasury. When ATF transferred to the Department of Justice under the Homeland Security Act of 2002, all its authorities, including the authority to administer and enforce the NFA, were transferred to the Attorney General In order to keep all the references throughout the Internal Revenue Code consistent, references to the Secretary of the Treasury in the NFA were left unchanged by the Homeland Security Act. However, section 7801(a)(2), Title 26, V.S.C., provides that references to the term "Secretary" or "Secretary of the Treasury" in the NFA shall mean the Attorney General.

§ 479.21 Forms prescribed.

(a) The Director is authorized to prescribe all forms required by this part. All of the information called for in each form shall be furnished as indicated by the headings on the form and the instructions on or pertaining to the form. In addition, information called for in each form shall be furnished as required by this part. Each form requiring that it be executed under penalties of perjury shall be executed under penalties of perjury.

(b) Requests for forms should be mailed to the ATF Distribution Center, 7943 Angus Court, Springfield, Virginia 22153.

§ 479.22 Right of entry and examination.

Any ATF officer or employee of the Bureau of Alcohol, Tobacco and Firearms duly authorized to perform any function relating to the administration or enforcement of this part may enter during business hours the premises (including places of storage) of any importer or manufacturer of or dealer in firearms, to examine any books, papers, or records required to be kept pursuant to this part, and any firearms kept by such importer, manufacturer or dealer on such premises, and may require the production of any books, papers, or records necessary to determine any liability for tax under 26 U.S.C. Chapter 53, or the observance of 26 U.S.C. Chapter 53, and this part.

§ 479.23 Restrictive use of required information.

No information or evidence obtained from an application, registration, or record required to be submitted or retained by a natural person in order to comply with any provision of 26 U.S.C. Chapter 53, or this part or section 207 of the Gun Control Act of 1968 shall be used, directly or indirectly, as evidence against that person in a criminal proceeding with respect to a violation of law occurring prior to or concurrently with the filing of the application or registration, or the compiling of the record containing the information or evidence: Provided, however, that the provisions of this section shall not preclude the use of any such information or evidence in a prosecution or other action under any applicable provision of law with respect to the furnishing of false information.

§ 479.24 Destructive device determination.

The Director shall determine in accordance with 26 U.S.C. 5845(f) whether a device is excluded from the definition of a destructive device. A person who desires to obtain a determination under that provision of law for any device which he believes is not likely to be used as a weapon shall submit a written request, in triplicate, for a ruling thereon to the Director. Each such request shall be executed under the penalties of perjury and contain a complete and accurate description of the device, the name and address of the manufacturer or importer thereof, the purpose of and use for which it is intended, and

such photographs, diagrams, or drawings as may be necessary to enable the Director to make his determination. The Director may require the submission to him, of a sample of such device for examination and evaluation. If the submission of such device is impracticable, the person requesting the ruling shall so advise the Director and designate the place where the device will be available for examination and evaluation.

§ 479.25 Collector's items.

The Director shall determine in accordance with 26 U.S.C. 5845(a) whether a firearm or device, which although originally designed as a weapon, is by reason of the date of its manufacture, value, design, and other characteristics primarily a collector's item and is not likely to be used as a weapon. A person who desires to obtain a determination under that provision of law shall follow the procedures prescribed in § 479.24 relating to destructive device determinations, and shall include information as to date of manufacture, value, design and other characteristics which would sustain a finding that the firearm or device is primarily a collector's item and is not likely to be used as a weapon.

§ 479.26 Alternate methods or procedures; emergency variations from requirements.

(a) Alternate methods or procedures. Any person subject to the provisions of this part, on specific approval by the Director as provided in this paragraph, may use an alternate method or procedure in lieu of a method or procedure specifically prescribed in this part. The Director may approve an alternate method or procedure, subject to stated conditions, when it is found that:

(1) Good cause is shown for the use of the alternate method or procedure;

(2) The alternate method or procedure is within the purpose of, and consistent with the effect intended by, the specifically prescribed method or procedure and that the alternate method or procedure is substantially equivalent to that specifically prescribed method or procedure; and

(3) The alternate method or procedure will not be contrary to any provision of law and will not result in an increase in cost to the Government or hinder the effective administration of this part. Where such person desires to employ an alternate method or procedure, a written application shall be submitted to the appropriate regional director (compliance), for transmittal to the Director. The application shall specifically describe the proposed alternate method or procedure and shall set forth the reasons for it. Alternate methods or procedures may not be employed until the application is approved by the Director. Such person shall, during the period of authorization of an alternate method or procedure, comply with the terms of the approved application. Authorization of any alternate method or procedure may be withdrawn whenever, in the judgment of the Director, the effective administration of this part is hindered by the continuation of the authorization.

(b) Emergency variations from requirements. The Director may approve a method of operation other than as specified in this part, where it is found that an emergency exists and the proposed variation from the specified requirements are necessary and the proposed variations (1) will not hinder the effective administration of this part, and (2) will not be contrary to any provisions of law. Variations from requirements granted under this paragraph are conditioned on compliance with the procedures, conditions, and limitations set forth in the approval of the application. Failure to comply in good faith with the procedures, conditions, and limitations shall automatically terminate the authority for the variations, and the person granted the variance shall fully comply with the prescribed requirements of

regulations from which the variations were authorized. Authority for any variation may be withdrawn whenever, in the judgment of the Director, the effective administration of this part is hindered by the continuation of the variation. Where a person desires to employ an emergency variation, a written application shall be submitted to the appropriate regional director (compliance) for transmittal to the Director. The application shall describe the proposed variation and set forth the reasons for it. Variations may not be employed until the application is approved.

(c) Retention of approved variations. The person granted the variance shall retain and make available for examination by A TF officers any application approved by the Director under this section.

Subpart D-Special (Occupational) Taxes

§ 479.31 Liability for tax.

(a) General. Every person who engages in the business of importing, manufacturing, or dealing in (including pawnbrokers) firearms in the United States shall pay a special (occupational) tax at a rate specified by § 479.32. The tax shall be paid on or before the date of commencing the taxable business, and thereafter every year on or before July 1. Special (occupational) tax shall not be prorated. The tax shall be computed for the entire tax year (July 1 through June 30), regardless of the portion of the year during which the taxpayer engages in business. Persons commencing business at any time after July 1 in any year are liable for the special (occupational) tax for the entire tax year.

(b) Each place of business taxable. An importer, manufacturer, or dealer in firearms incurs special tax liability at each place of business where an occupation subject to special tax is conducted. A place of business means the entire office, plant or area of the business in any one location under the same proprietorship. Passageways, streets, highways, rail crossings, waterways, or partitions dividing the premises are not sufficient separation to require additional special tax, if the divisions of the premises are otherwise contiguous. See also §§ 479.38-479.39.

§ 479.32 Special (occupational) tax rates.

(a) Prior to January 1, 1988, the special (occupational) tax rates were as follows:

	Per year or fraction thereof
Class 1 Importer of firearms	\$500.
Class 2 Manufacturer of firearms	\$500.
Class 3 Dealer in firearms	\$200
Class 4 Importer only of weapons classified as "any other weapon"	\$25.

Class 5
Manufacturer only of
weapons classified as "any other weapon" \$25.

Class 6
Dealer only in weapons classified as "any other weapon" \$10.

(b) Except as provided in § 479.32a, the special (occupational) tax rates effective January 1, 1988, are as follows:

	Per year or fraction Thereof
Class 1 Importer of firearms (including an importer only of weapons classified as "any other weapon")	\$1000.
Class 2 Manufacturer of firearms (including a manufacturer only of weapons classified as "any other weapon")	\$1000.
Class 3 Dealer in firearms (including a dealer only of weapons classified as "any other weapon")	\$500.

(c) A taxpayer who was engaged in a business on January 1, 1988, for which a special (occupational) tax was paid for a taxable period which began before January 1, 1988, and included that date, shall pay an increased special tax for the period January 1, 1988, through June 30, 1988. The increased tax shall not exceed one half the excess (if any) of (1) the rate of special tax in effect on January 1, 1988, over (2) the rate of such tax in effect on December 31, 1987. The increased special tax shall be paid on or before April 1, 1988.

§ 479.32a Reduced rate of tax for small importers and manufacturers.

(a) General. Effective January 1, 1988, 26 U.S.C. 5801(b) provides for a reduced rate of special tax with respect to any importer or manufacturer whose gross receipts (for the most recent taxable year ending before the first day of the taxable period to which the special tax imposed by § 479.32 relates) are less than \$500,000. The rate of tax for such an importer or manufacturer is \$500 per year or fraction thereof. The "taxable year" to be used for determining gross receipts is the taxpayer's income tax year. All gross receipts of the taxpayer shall be included, not just the gross receipts of the business subject to special tax. Proprietors of new businesses that have not yet begun a taxable year, as well as proprietors of existing businesses that have not yet ended a taxable year, who commence a new activity subject to special tax, qualify for the reduced special (occupational) tax rate, unless the business is a member of a "controlled group;" in that case, the rules of paragraph (b) of this section shall apply.

(b) Controlled group. All persons treated as one taxpayer under 26 U.S.C. 5061 (e)(3) shall be treated

as one taxpayer for the purpose of determining gross receipts under paragraph (a) of this section. "Controlled group" means a controlled group of corporations, as defined in 26 U.S.C. 1563 and implementing regulations in 26 CFR 1.1563-1 through 1.1563-4, except that the words "at least 80 percent" shall be replaced by the words "more than 50 percent" in each place they appear in subsection (a) of 26 U.S.C. 1563, as well as in the implementing regulations. Also, the rules for a "controlled group of corporations" apply in a similar fashion to groups which include partnerships and/or sole proprietorships. If one entity maintains more than 50% control over a group consisting of corporations and one, or more, partnerships and/or sole proprietorships, all of the members of the controlled group are one taxpayer for the purpose of this section.

(c) Short taxable year. Gross receipts for any taxable year of less than 12 months shall be annualized by multiplying the gross receipts for the short period by 12 and dividing the result by the number of months in the short period, as required by 26 U.S.C. 448(c)(3).

(d) Returns and allowances. Gross receipts for any taxable year shall be reduced by returns and allowances made during that year under 26 U.S.C. 448(c)(3).

§ 479.33 Special exemption.

(a) Any person required to pay special (occupational) tax under this part shall be relieved from payment of that tax if he establishes to the satisfaction of the Director that his business is conducted exclusively with, or on behalf of, the United States or any department, independent establishment, or agency thereof. The Director may relieve any person manufacturing firearms for or on behalf of the United States from compliance with any provision of this part in the conduct of the business with respect to such firearms.

(b) The exemption in this section may be obtained by filing with the Director an application, in letter form, setting out the manner in which the applicant conducts his business, the type of firearm to be manufactured, and proof satisfactory to the Director of the existence of the contract with the United States, department, independent establishment, or agency thereof, under which the applicant intends to operate.

§ 479.34 Special tax registration and return.

(a) General. Special tax shall be paid by return. The prescribed return is ATF Form 5630.7, Special Tax

Registration and Return. Special tax returns, with payment of tax, shall be filed with ATF in accordance with instructions on the form. Properly completing, signing, and timely filing of a return (Form 5630.7) constitutes compliance with 26 U.S.C. 5802.

(b) Preparation of ATF Form 5630.7. All of the information called for on Form 5630.7 shall be provided, including:

(1) The true name of the taxpayer.

(2) The trade name(s) (if any) of the business(es) subject to special tax.

(3) The employer identification number (see § 479.35).

(4) The exact location of the place of business, by name and number of building or street, or if these do not exist, by some description in addition to the post office address. In the case of one return for two or more locations, the address to be shown shall be the taxpayer's principal place of business (or principal office, in the case of a corporate taxpayer).

(5) The class(es) of special tax to which the taxpayer is subject.

(6) Ownership and control information: That is, the name, position, and residence address of every owner of the business and of every person having power to control its management and policies with respect to the activity subject to special tax. "Owner of the business" shall include every partner, if the taxpayer is a partnership, and every person owning 10% or more of its stock, if the taxpayer is a corporation. However, the ownership and control information required by this paragraph need not be stated if the same information has been previously provided to ATF in connection with a license application under Part 478 of this chapter, and if the information previously provided is still current.

(c) Multiple locations and/or classes of tax. A taxpayer subject to special tax for the same period at more than one location or for more than one class of tax shall

(1) File one special tax return,

ATF Form 5630.7, with payment of tax, to cover all such locations and classes of tax; and

(2) Prepare, in duplicate, a list identified with the taxpayer's name, address (as shown on ATF Form 5630.7), employer identification number, and period covered by the return. The list shall show, by States, the name, address, and tax class of each location for which special tax is being paid. The original of the list shall be filed with ATF in accordance with instructions on the return, and the copy shall be retained at the taxpayer's principal place of business (or principal office, in the case of a corporate taxpayer) for not less than 3 years.

(d) Signing of ATF Forms 5630.7- (1) Ordinary returns. The return of an individual proprietor shall be signed by the individual. The return of a partnership shall be signed by a general partner. The return of a corporation shall be signed by any officer. In each case, the person signing the return shall designate his or her capacity as "individual owner," "member of firm," or, in the case of a corporation, the title of the officer.

(2) Fiduciaries. Receivers, trustees, assignees, executors, administrators, and other legal representatives who continue the business of a bankrupt, insolvent, deceased person, etc., shall indicate the fiduciary capacity in which they act.

(3) Agent or attorney in fact. If a return is signed by an agent or attorney in fact, the signature shall be preceded by the name of the principal and followed by the title of the agent or attorney in fact. A return signed by a person as agent will not be accepted unless there is filed, with the ATF office with which the return is required to be filed, a power of attorney authorizing the agent to perform the act.

(4) Perjury statement. ATF Forms 5630.7 shall contain or be verified by a written declaration that the return has been executed under the penalties of perjury.

(e) Identification of taxpayer. If the taxpayer is an individual, with the initial return such person shall securely attach to Form 5630.7 a photograph of the individual 2 x 2 inches in size, clearly showing a full front view of the features of the individual with head bare, with the distance from the top of the head to the point of the chin approximately 1 1/4 inches, and which shall have been taken within 6 months prior to the date of completion of the return. The individual shall also attach to the return a properly completed FBI Form FD-258 (Fingerprint Card). The fingerprints must be clear for accurate classification and should be taken by someone properly equipped to take them: Provided, That the provisions of this paragraph shall not apply to individuals who have filed with A TF a properly executed Application for License under 18 U.S.C. Chapter 44, Firearms, ATF Form 7 (5310.12) (12-93 edition), as specified in § 478.44(a).

§ 479.35 Employer identification number.

(a) Requirement. The employer identification number (defined in 26 CFR 301.7701-12) of the taxpayer who has been assigned such a number shall be shown on each special tax return, including amended returns, filed under this subpart. Failure of the taxpayer to include the employer identification number may result in the imposition of the penalty specified in § 70.113 of this chapter.

(b) Application for employer identification number. Each taxpayer who files a special tax return, who has not already been assigned an employer identification number, shall file IRS Form SS-4 to apply for one. The taxpayer shall apply for and be assigned only one employer identification number, regardless of the number of places of business for which the taxpayer is required to file a special tax return. The employer identification number shall be applied for no later than 7 days after the filing of the taxpayer's first special tax return. IRS Form SS-4 may be obtained from the director of an IRS service center or from any IRS district director.

(c) Preparation and filing of IRS Form SS-4. The taxpayer shall prepare and file IRS Form SS-4, together with any supplementary statement, in accordance with the instructions on the form or issued in respect to it.

§ 479.36 The special tax stamp, receipt for special (occupational) taxes.

Upon filing a properly completed and executed return (Form 5630.7) accompanied by remittance of the full amount due, the taxpayer will be issued a special tax stamp as evidence of payment of the special (occupational) tax.

§ 479.37 Certificates in lieu of stamps lost or destroyed.

When a special tax stamp has been lost or destroyed, such fact should be reported immediately to the regional director (compliance) who issued the stamp. A certificate in lieu of the lost or destroyed stamp will be issued to the taxpayer upon the submission of an affidavit showing to the satisfaction of the regional director (compliance) that the stamp was lost or destroyed.

§ 479.38 Engaging in business at more than one location.

A person shall pay the special (occupational) tax for each location where he engages in any business taxable under 26 U.S.C. 5801. However, a person paying a special (occupational) tax covering his principal place of business may utilize other locations solely for storage of firearms without incurring special (occupational) tax liability at such locations. A manufacturer, upon the single payment of the appropriate special (occupational) tax, may sell firearms, if such firearms are of his own manufacture, at the place of manufacture and at his principal office or place of business if no such firearms, except samples, are kept at such office or place of business. When a person changes the location of a business for which he has paid the special (occupational) tax, he will be liable for another such tax unless the change is properly registered with the regional director (compliance) for the region in which the special tax stamp was issued, as provided in § 479.46.

§ 479.39 Engaging in more than one business at the same location.

If more than one business taxable under 26 U.S.C. 5801 is carried on at the same location during a taxable year, the special (occupational) tax imposed on each such business must be paid. This section does not require a qualified manufacturer or importer to qualify as a dealer if such manufacturer or importer also engages in business on his qualified premises as a dealer. However, a qualified manufacturer who engages in business as an importer must also qualify as an importer. Further, a qualified dealer is not entitled to engage in business as a manufacturer or importer.

§ 479.40 Partnership liability.

Any number of persons doing business in partnership at anyone location shall be required to pay but one special (occupational) tax.

§ 479.41 Single sale.

A single sale, unattended by circumstances showing the one making the sale to be engaged in business, does not create special (occupational) tax liability.

Change of ownership

§ 479.42 Changes through death of owner.

Whenever any person who has paid special (occupational) tax dies, the surviving spouse or child, or executors or administrators, or other legal representatives, may carry on this business for the remainder of the term for which tax has been paid and at the place (or places) for which the tax was paid, without any additional payment, subject to the following conditions. If the surviving spouse or child, or executor or administrator, or other legal representative of the deceased taxpayer continues the business, such person shall, within 30 days after the date on which the successor begins to carry on the business, file a new return, Form 5630.7, with ATF in accordance with the instructions on the form. The return thus executed shall show the name of the original taxpayer, together with the basis of the succession. (As to liability in case of failure to register, see § 479.49.)

§ 479.43 Changes through bankruptcy of owner.

A receiver or referee in bankruptcy may continue the business under the stamp issued to the taxpayer at the place and for the period for which the tax was paid. An assignee for the benefit of creditors may continue business under his assignor's special tax stamp without incurring additional special (occupational) tax liability. In such cases, the change shall be registered with ATF in a manner similar to that required by § 479.42.

§ 479.44 Change in partnership or unincorporated association.

When one or more members withdraw from a partnership or an unincorporated association, the remaining member, or members, may, without incurring additional special (occupational) tax liability, carry on the same business at the same location for the balance of the taxable period for which special (occupational) tax was paid, provided any such change shall be registered in the same manner as required by § 479.42. Where new member(s) are taken into a partnership or an unincorporated association, the new firm so constituted may not carry on business under the special tax stamp of the old firm. The new firm must file a return, pay the special (occupational) tax and register in the same manner as a person who first engages in business is required to do under § 479.34 even though the name of the new firm may be the same as that of the old. Where the members of a partnership or an unincorporated association, which has paid special (occupational) tax, form a corporation to continue the business, a new special tax stamp must be taken out in the name of the corporation.

§ 479.45 Changes in corporation.

Additional special (occupational) tax is not required by reason of a mere change of name or increase in the capital stock of a corporation if the laws of the State of incorporation provide for such change or increase without the formation of a new corporation. § 479.64 Procedure for approval of application.

The application to make a firearm, Form 1 (Firearms), must be forwarded directly, in duplicate, by the maker of the firearm to the Director in accordance with the instructions on the form. transfer a firearm. The transferee shall not take possession of a firearm until the application, Form 4 (Firearms), for the transfer filed by the transferor has been approved by the Director and registration of the firearm is effectuated to the transferee. The transferee shall retain the approved application as proof that the firearm described therein is registered to the transferee, and shall make the approved Form 4 (Firearms) available to any A TF officer on request. If the Director approves an application, Form 3 (Firearms), he shall return the original Form 3 (Firearms) to the transferor with the approval noted thereon. Approval of an application, Form 3 (Firearms), by the Director shall remove registration of the firearm reported thereon from the transferor and shall effectuate the registration of that firearm to the transferee. Upon receipt of the approved Form 3 (Firearms), the transferor shall deliver same with the firearm to the transferee. The transferor shall not transfer the firearm to the transferee until his application, Form 3 (Firearms), has been approved by the Director and the original thereof has been returned to the transferor. If the Director disapproves the application, Form 3

(Firearms), he shall return the original Form 3 (Firearms) to the transferor with the reasons for the disapproval stated thereon.

(c) The transferor shall be responsible for establishing the exempt status of the transferee before making a transfer under the provisions of this section. Therefore, before engaging in transfer negotiations with the transferee, the transferor should satisfy himself as to the claimed exempt status of the transferee and the bona fides of the transaction. If not fully satisfied, the transferor should communicate with the Director, report all circumstances regarding the proposed transfer, and await the Director's advice before making application for the transfer. An unapproved transfer or a transfer to an unauthorized person may subject the transferor to civil and criminal liabilities. (See 26 U.S.C. 5852, 5861, and 5871.)

§ 479.89 Transfers to the United States.

A firearm may be transferred to the United States or any department, independent establishment or agency thereof without payment of the transfer tax. However, the procedures for the transfer of a firearm as provided in § 479.90 shall be followed in a tax-exempt transfer of a firearm under this section, unless the transferor is relieved of such requirement under other provisions of this part.

§ 479.90 Certain government entities.

(a) A firearm may be transferred without payment of the transfer tax to or from any State, possession of the United States, any political subdivision thereof, or any official police organization of such a governmental entity engaged in criminal investigations.

(b) The exemption provided in paragraph (a) of this section shall be obtained by the transferor of the firearm filing with the Director an application, Form 5 (Firearms), Application for Tax-exempt Transfer and Registration of Firearm, in duplicate, executed under the penalties of perjury. The application shall (1) show the name and address of the transferor and of the transferee, (2) identify the Federal firearms license and special (occupational) tax stamp, if any, of the transferor and of the transferee, (3) show the name and address of the manufacturer and the importer of the firearm, if known, (4) show the type, model, overall length (if applicable), length of barrel, caliber, gauge or size, serial number, and other marks of identification of the firearm, and (5) contain a statement by the transferor that the transferor is entitled to the exemption because either the transferor or the transferee is a governmental entity coming within the purview of paragraph (a) of this section. In the case of a transfer of a firearm by a governmental entity to a transferee who is a natural person not qualified as a manufacturer, importer, or dealer under this part, the transferee shall be further identified in the manner prescribed in § 479.85. If the Director approves an application, Form 5 (Firearms), the original Form 5 (Firearms) shall be returned to the transferor with the approval noted thereon. Approval of an application, Form 5 (Firearms), by the Director shall effectuate the registration of that firearm to the transferee. Upon receipt of the approved Form 5 (Firearms), the transferor shall deliver same with the firearm to the transferee. The transferor shall not transfer the firearm to the transferee until the application, Form 5 (Firearms), has been approved by the Director and the original thereof has been returned to the transferor. If the Director disapproves the application, Form 5 (Firearms), the original Form 5 (Firearms) shall be returned to the transferor with the reasons for the disapproval stated thereon. An application by a governmental entity to transfer a firearm shall be denied if the transfer, receipt, or possession of a firearm would place the transferee in violation of law.

(c) The transferor shall be responsible for establishing the exempt status of the transferee before making a transfer under the provisions of this section. Therefore, before engaging in transfer negotiations with the transferee, the transferor should satisfy himself of the claimed exempt status of the transferee and the bona fides of the transaction. If not fully satisfied, the transferor should communicate with the Director, report all circumstances regarding the proposed transfer, and await the Director's advice before making application for transfer. § 479.91 Unserviceable firearms.

An unserviceable firearm may be transferred as a curio or ornament without payment of the transfer tax. However, the procedures for the transfer of a firearm as provided in § 479.90 shall be followed in a tax exempt transfer of a firearm under this section, except a statement shall be entered on the transfer application, Form 5 (Firearms), by the transferor that he is entitled to the exemption because the firearm to be transferred is unserviceable and is being transferred as a curio or ornament. An unapproved transfer, the transfer of a firearm under the provisions of this section which is in fact not an unserviceable firearm, or the transfer of an unserviceable firearm as something other than a curio or ornament, may subject the transferor to civil and criminal liabilities. (See 26 U.S.C. 5811, 5852, 5861, and 5871.)

§ 479.92 Transportation of firearms to effect transfer.

Notwithstanding any provision of § 478.28 of this chapter, it shall not be required that authorization be obtained from the Director for the transportation in interstate or foreign commerce of a firearm in order to effect the transfer of a firearm authorized under the provisions of this subpart.

Other Provisions

The notice shall set forth the name and address of the manufacturer, identify his special (occupational) tax stamp and Federal firearms license, and show the date of manufacture, the type, model, length of barrel, overall length, caliber, gauge or size, serial numbers, and

other marks of identification of the firearms he manufactures, and the place where the manufactured firearms will be kept. All firearms manufactured by him during a single day shall be included on one notice, Form 2 (Firearms), filed by the manufacturer no later than the close of the next business day. The manufacturer shall prepare the notice, Form 2 (Firearms), in duplicate, file the original notice as prescribed herein and keep the copy with the records required by subpart I of this part at the premises covered by his special (occupational) tax stamp. Receipt of the notice, Form 2 (Firearms), by the Director shall effectuate the registration of the firearms listed on that notice. The requirements of this part relating to the transfer of a firearm are applicable to transfers by qualified manufacturers.

§ 419.104 Registration of firearms by certain governmental entities.

Any State, any political subdivision thereof, or any official police organization of such a government entity engaged in criminal investigations, which acquires for official use a firearm not registered to it, such as by abandonment or by forfeiture, will register such firearm with the Director by filing Form 10 (Firearms), Registration of Firearms Acquired by Certain Governmental Entities, and such registration shall become a part of the National Firearms Registration and Transfer Record. Upon registering the firearm, the Director shall return the original Form 10 (Firearms) to be returned to the applicant showing such approval and he will present the approved application, Form 6 (Firearms), to the Customs officer at the port of importation. The approval of an application to import a firearm shall be automatically terminated at the expiration of one year from the date of approval unless, upon request, it is further extended by the Director. If the firearm described in the approved application is not imported prior to the expiration of the approval, the Director shall be so notified. Customs officers will not permit release of a firearm from Customs custody, except for exportation, unless covered by an application which has been approved by the Director and which is currently effective. The importation or bringing in of a firearm not covered by an approved application may subject the person responsible to civil and criminal liabilities. (26 U.S.C. 5861, 5871, and 5872.)

(b) Part 478 of this chapter also contains requirements and procedures for the importation of firearms into the United States. A firearm may not be imported into the United States under this part unless those requirements and procedures are also complied with by the person importing the firearm.

(c) The provisions of this subpart shall not be construed as prohibiting the return to the United States or any territory under its control or jurisdiction of a firearm by a person who can establish to the satisfaction of Customs that (1) the firearm was taken out of the United States or any territory under its control or jurisdiction by such person, (2) the firearm is registered to that person, and (3) if appropriate, the authorization required by Part 478 of this chapter for the transportation of such a firearm in interstate or foreign commerce has been obtained by such person.

§ 479.112 Registration of imported firearms.

(a) Each importer shall file with the Director an accurate notice on Form 2 (Firearms), Notice of

Firearms Manufactured or Imported, executed under the penalties of perjury, showing the importation of a firearm. The notice shall set forth the name and address of the importer, identify the importer's special (occupational) tax stamp and Federal firearms license, and show the import permit number, the date of release from Customs custody, the type, model, length of barrel, overall length, caliber, gauge or size, serial number, and other marks of identification of the firearm imported, and the place where the imported firearm will be kept. The Form 2 (Firearms) covering an imported firearm shall be filed by the importer no later than fifteen (15) days from the date the firearm was released from Customs custody. The importer shall prepare the notice, Form 2 (Firearms), in duplicate, file the original return as prescribed herein, and keep the copy with the records required by subpart I of this part at the premises covered by the special (occupational) tax stamp. The timely receipt by the Director of the notice, Form 2 (Firearms), and the timely receipt by the Director of the copy of Form 6A (Firearms), Release and Receipt of Imported Firearms, Ammunition and Implements of War, required by § 478.112 of this chapter, covering the weapon reported on the Form 2 (Firearms) by the qualified importer, shall effectuate the registration of the firearm to the importer.

(b) The requirements of this part relating to the transfer of a firearm are applicable to the transfer of imported firearms by a qualified importer or any other person.

(c) Subject to compliance with the provisions of this part, an application, Form 6 (Firearms), to import a firearm by an importer or dealer qualified under this part, for use as a sample in connection with sales of such firearms to Federal, State or local governmental entities, will be approved if it is established by specific information attached to the application that the firearm is suitable or potentially suitable for use by such entities. Such information must show why a sales sample of a particular firearm is suitable for such use and the expected governmental customers who would require a demonstration of the firearm. Information as to the availability of the firearm to fill subsequent orders and letters from governmental entities expressing a need for a particular model or interest in seeing a demonstration of a particular firearm would establish suitability for governmental use. Applications to import more than one firearm of a particular model for use as a sample by an importer or dealer must also establish the importer's or dealer's need for the quantity of samples sought to be imported.

(d) Subject to compliance with the provisions of this part, an application, Form 6 (Firearms), to import a firearm by an importer or dealer qualified under this part, for use as a sample in connection with sales of such firearms to Federal, State or local governmental entities, will be approved if it is established by specific information attached to the application that the firearm is particularly suitable for use by such entities. Such information must show why a sales sample of a particular firearm is suitable for such use and the expected governmental customers who would require a demonstration of the firearm. Information as to the availability of the firearm to fill subsequent orders and letters from governmental entities expressing a need for a particular model or interest in seeing a demonstration of a particular firearm would establish suitability for governmental use. Applications to import more than one firearm of a particular model for use as a sample by an importer or dealer must also establish the importer's or dealer's need for the quantity of samples sought to be imported.

§ 479.113 Conditional importation.

The Director shall permit the conditional importation or bringing into the United States of any firearm for the purpose of examining and testing the firearm in connection with making a determination as to whether the importation or bringing in of such firearm will be authorized under this subpart. An application under this section shall be filed on Form 6 (Firearms), in triplicate, with the Director. The

Director may impose conditions upon any importation under this section including a requirement that the firearm be shipped directly from Customs custody to the Director and that the person importing or bringing in the firearm must agree to either export the weapon or destroy it if a final determination is made that it may not be imported or brought in under this subpart. A firearm so imported or brought into the United States may be released from Customs custody in the manner prescribed by the conditional authorization of the registrant with notification thereon that registration of the firearm has been made. The registration of any firearm under this section is for official use only and a subsequent transfer will be approved only to other governmental entities for official use.

Machine Guns

§ 479.105 Transfer and possession of machine guns.

(a) General. As provided by 26 U.S.C. 5812 and 26 U.S.C. 5822, an application to make or transfer a firearm shall be denied if the making, transfer, receipt, or possession of the firearm would place the maker or transferee in violation of law. Section 922(0), Title 18, U.S.C., makes it unlawful for any person to transfer or possess a machine gun, except a transfer to or by, or possession by or under the authority of, the United States or any department or agency thereof or a State, or a department, agency, or political subdivision thereof; or any lawful transfer or lawful possession of a machine gun that was lawfully possessed before May 19, 1986. Therefore, notwithstanding any other provision of this part, no application to make, transfer, or import a machine gun will be approved except as provided by this section.

(b) Machine guns lawfully possessed prior to May 19, 1986. A machine gun possessed in compliance with the provisions of this part prior to May 19, 1986, may continue to be lawfully possessed by the person to whom the machine gun is registered and may, upon compliance with the provisions of this part, be lawfully transferred to and possessed by the transferee.

(c) Importation and manufacture. Subject to compliance with the provisions of this part, importers and manufacturers qualified under this part may import and manufacture machine guns on or after May 19, 1986, for sale or distribution to any department or agency of the United States or any State or political subdivision thereof, or for use by dealers qualified under this part as sales samples as provided in paragraph (d) of this section. The registration of such machine guns under this part and their subsequent transfer shall be conditioned upon and restricted to the sale or distribution of such weapons for the official use of Federal, State or local governmental entities. Subject to compliance with the provisions of this part, manufacturers qualified under this part may manufacture machine guns on or after May 19, 1986, for exportation in compliance with the Arms Export Control Act (22 U.S.C. 2778) and regulations prescribed thereunder by the Department of State.

(d) Dealer sales samples. Subject to compliance with the provisions of this part, applications to transfer and register a machine gun manufactured or imported on or after May 19, 1986, to dealers qualified under this part will be approved if it is established by specific information the expected governmental customers who would require a demonstration of the weapon, information as to the availability of the machine gun to fill subsequent orders, and letters from governmental entities expressing a need for a particular model or interest in seeing a demonstration of a particular weapon. Applications to transfer more than one machine gun of a particular model to a dealer must also establish the dealer's need for the quantity of samples sought to be transferred.

(e) The making of machine guns on or after May 19, 1986. Subject to compliance with the provisions of this part, applications to make and register machine guns on or after May 19, 1986, for the benefit of a Federal, State or local governmental entity (e.g., an invention for possible Mure use of a governmental entity or the making of a weapon in connection with research and development on behalf of such an entity) will be approved if it is established by specific information that the machine gun is particularly suitable for use by Federal, State or local governmental entities and that the making of the weapon is at the request and on behalf of such an entity .

(f) Discontinuance of business. Since section 922(0), Title 18, U.S.C., makes it unlawful to transfer or possess a machine gun except as provided in the law, any qualified manufacturer, importer, or dealer intending to discontinue business shall, prior to going out of business, transfer in compliance with the provisions of this part any machine gun manufactured or imported after May 19, 1986, to a Federal, State or local governmental entity, qualified manufacturer, qualified importer, or, subject to the provisions of paragraph (d) of this section, dealer qualified to possess such, machine gun.

Subpart H-Importation and Exportation

Importation

§479.111 Procedure.

(a) No firearm shall be imported or brought into the United States or any territory under its control or jurisdiction unless the person importing or bringing in the firearm establishes to the satisfaction of the Director that the firearm to be imported or brought in is being imported or brought in for:

(1) The use of the United States or any department, independent establishment, or agency thereof or any State or possession or any political subdivision thereof; or

(2) Scientific or research purposes; or

(3) Testing or use as a model by a registered manufacturer or solely for use as a sample by a registered importer or registered dealer.

The burden of proof is affirmatively on any person importing or bringing the firearm into the United States or any territory under its control or jurisdiction to show that the firearm is being imported or brought in under one of the above paragraphs. Any person desiring to import or bring a firearm into the United States under this paragraph shall file with the Director an application on Form 6 (Firearms), Application and Permit for Importation of Firearms, Ammunition and Implements of War, in triplicate, executed under the penalties of perjury. The application shall show the information required by subpart G of Part 478 of this chapter. A detailed explanation of why the importation of the firearm falls within the standards set out in this paragraph shall be attached to the application. The person seeking to import or bring in the firearm will be notified of the approval or disapproval of his application. If the application is approved, the original Form 6 (Firearms) will be returned to the applicant showing such approval and he will present the approved application, Form 6 (Firearms), to the Customs officer at the

port of importation. The approval of an application to import a firearm shall be automatically terminated at the expiration of one year from the date of approval unless, upon request, it is further extended by the Director. If the firearm described in the approved application is not imported prior to the expiration of the approval, the Director shall be so notified. Customs officers will not permit release of a firearm from Customs custody, except for exportation, unless covered by an application which has been approved by the Director and which is currently effective. The importation or bringing in of a firearm not covered by an approved application may subject the person responsible to civil and criminal liabilities. (26 U.S.C. 5861, 5871, and 5872.)

(b) Part 478 of this chapter also contains requirements and procedures for the importation of firearms into the United States. A firearm may not be imported into the United States under this part unless those requirements and procedures are also complied with by the person importing the firearm.

(c) The provisions of this subpart shall not be construed as prohibiting the return to the United States or any territory under its control or jurisdiction of a firearm by a person who can establish to the satisfaction of Customs that **(1)** the firearm was taken out of the United States or any territory under its control or jurisdiction by such person, **(2)** the firearm is registered to that person, and **(3)** if appropriate, the authorization required by Part 478 of this chapter for the transportation of such a firearm in interstate or foreign commerce has been obtained by such person.

§ 479.112 Registration of imported firearms.

(a) Each importer shall file with the Director an accurate notice on Form 2 (Firearms), Notice of Firearms Manufactured or Imported, executed under the penalties of perjury, showing the importation of a firearm. The notice shall set forth the name and address of the importer, identify the importer's special (occupational) tax stamp and Federal firearms license, and show the import permit number, the date of release from Customs custody, the type, model, length of barrel, overall length, caliber, gauge or size, serial number, and other marks of identification of the firearm imported, and the place where the imported firearm will be kept. The Form 2 (Firearms) covering an imported firearm shall be filed by the importer no later than fifteen (15) days from the date the firearm was released from Customs custody. The importer shall prepare the notice, Form 2 (Firearms), in duplicate, file the original return as prescribed herein, and keep the copy with the records required by subpart I of this part at the premises covered by the special (occupational) tax stamp. The timely receipt by the Director of the notice, Form 2 (Firearms), and the timely receipt by the Director of the copy of Form 6A (Firearms), Release and Receipt of Imported Firearms, Ammunition and Implements of War, required by § 478.112 of this chapter, covering the weapon reported on the Form 2 (Firearms) by the qualified importer, shall effectuate the registration of the firearm to the importer.

(b) The requirements of this part relating to the transfer of a firearm are applicable to the transfer of imported firearms by a qualified importer or any other person.

(c) Subject to compliance with the provisions of this part, an application, Form 6 (Firearms), to import a firearm by an importer or dealer qualified under this part, for use as a sample in connection with sales of such firearms to Federal, State or local governmental entities, will be approved if it is established by specific information attached to the application that the firearm is suitable or potentially suitable for use by such entities. Such information must show why a sales sample of a particular firearm is suitable for such use and the expected governmental customers who would require a demonstration of the firearm.

Information as to the availability of the firearm to fill subsequent orders and letters from governmental entities expressing a need for a particular model or interest in seeing a demonstration of a particular firearm would establish suitability for governmental use. Applications to import more than one firearm of a particular model for use as a sample by an importer or dealer must also establish the importer's or dealer's need for the quantity of samples sought to be imported.

(d) Subject to compliance with the provisions of this part, an application, Form 6 (Firearms), to import a firearm by an importer or dealer qualified under this part, for use as a sample in connection with sales of such firearms to Federal, State or local governmental entities, will be approved if it is established by specific information attached to the application that the firearm is particularly suitable for use by such entities. Such information must show why a sales sample of a particular firearm is suitable for such use and the expected governmental customers who would require a demonstration of the firearm. Information as to the availability of the firearm to fill subsequent orders and letters from governmental entities expressing a need for a particular model or interest in seeing a demonstration of a particular firearm would establish suitability for governmental use. Applications to import more than one firearm of a particular model for use as a sample by an importer or dealer must also establish the importer's or dealer's need for the quantity of samples sought to be imported.

§ 479.113 Conditional importation.

The Director shall permit the conditional importation or bringing into the United States of any firearm for the purpose of examining and testing the firearm in connection with making a determination as to whether the importation or bringing in of such firearm will be authorized under this subpart. An application under this section shall be filed on Form 6 (Firearms), in triplicate, with the Director. The Director may impose conditions upon any importation under this section including a requirement that the firearm be shipped directly from Customs custody to the Director and that the person importing or bringing in the firearm must agree to either export the weapon or destroy it if a final determination is made that it may not be imported or brought in under this subpart. A firearm so imported or brought into the United States may be released from Customs custody in the manner prescribed by the conditional authorization of the Director.

Exportation

§ 479.114 Application and permit for exportation of firearms.

Any person desiring to export a firearm without payment of the transfer tax must file with the Director an application on Form 9 (Firearms), Application and Permit for Exportation of Firearms, in quadruplicate, for a permit providing for deferment of tax liability. Part 1 of the application shall show the name and address of the foreign consignee, number of firearms covered by the application, the intended port of exportation, a complete description of each firearm to be exported, the name, address, State Department license number (or date of application if not issued), and identification of the special (occupational) tax stamp of the transferor. Part 1 of the application shall be executed under the penalties of perjury by the transferor and shall be supported by a certified copy of a written order or contract of sale or other evidence showing that the firearm is to be shipped to a foreign designation. Where it is desired to make a transfer free of tax to another person who in turn will export the firearm, the transferor shall likewise file an application supported by evidence that the transfer will start the firearm in course of exportation, except, however, that where such transferor and exporter are registered special taxpayers the transferor will not be required to file an application on Form 9 (Firearms).

§ 479.115 Action by Director.

If the application is acceptable, the Director will execute the permit, Part 2 of Form 9 (Firearms), to export the firearm described on the form and return three copies thereof to the applicant. Issuance of the permit by the Director will suspend assertion of tax liability for a period of six (6) months from the date of issuance. If the application is disapproved, the Director will indicate thereon the reason for such action and return the forms to the applicant.

§ 479.116 Procedure by exporter.

Shipment may not be made until the permit, Form 9 (Firearms), is received from the Director. If exportation is to be made by means other than by parcel post, two copies of the form must be addressed to the District Director of Customs at the port of exportation, and must precede or accompany the shipment in order to permit appropriate inspection prior to lading. If exportation is to be made by parcel post, one copy of the form must be presented to the postmaster at the office receiving the parcel who will execute Part 4 of such form and return the form to the exporter for transmittal to the Director. In the event exportation is not effected, all copies of the form must be immediately returned to the Director for cancellation.

§ 479.117 Action by Customs.

Upon receipt of a permit, Form 9 (Firearms), in duplicate, authorizing the exportation of firearms, the District Director of Customs may order such inspection as deemed necessary prior to lading of the merchandise. If satisfied that the shipment is proper and the information contained in the permit to export is in agreement with information shown in the shipper's export declaration, the District Director of Customs will, after the merchandise has been duly exported, execute the certificate of exportation (Part 3 of Form 9 (Firearms)). One copy of the form will be retained with the shipper's export declaration and the remaining copy thereof will be transmitted to the Director.

§ 479.118 Proof of exportation.

Within a six-month's period from date of issuance of the permit to export firearms, the exporter shall furnish or cause to be furnished to the Director (a) the certificate of exportation (Part 3 of Form 9 (Firearms)) executed by the District Director of Customs as provided in § 479.117, or (b) the certificate of mailing by parcel post (Part 4 of Form 9 (Firearms)) executed by the postmaster of the post office receiving the parcel containing the firearm, or (c) a certificate of lading executed by a Customs officer of the foreign country to which the firearm is exported, or (d) a sworn statement of the foreign consignee covering the receipt of the firearm, or (e) the return receipt, or a reproduced copy thereof, signed by the addressee or his agent, where the shipment of a firearm was made by insured or registered parcel post. Issuance of a permit to export a firearm and furnishing of evidence establishing such exportation under this section will relieve the actual exporter and the person selling to the exporter for exportation from transfer tax liability. Where satisfactory evidence of exportation of a firearm is not furnished within the stated period, the transfer tax will be assessed.

§ 479.119 Transportation of firearms to effect exportation.

Notwithstanding any provision of § 478.28 of this chapter, it shall not be required that authorization be obtained from the Director for the transportation in interstate or foreign commerce of a firearm in order to effect the exportation of a firearm authorized under the provisions of this subpart.

§479.120 Refunds.

Where, after payment of tax by the manufacturer, a firearm is exported, and satisfactory proof of exportation (see § 479.118) is furnished, a claim for refund may be submitted on Form 843 (see § 479.172). If the manufacturer waives all claim for the amount to be refunded, the refund shall be made to the exporter. A claim for refund by an exporter of tax paid by a manufacturer should be accompanied by waiver of the manufacturer and proof of tax payment by the latter.

§ 479.121 Insular possessions.

Transfers of firearms to persons in the insular possessions of the United States are exempt from transfer tax, provided title in cases involving change of title (and custody or control, in cases not involving change of title), does not pass to the transferee or his agent in the United States. However, such exempt transactions must be covered by approved permits and supporting documents corresponding to those required in the case of firearms exported to foreign countries (see §§ 479.114 and 479.115), except that the Director may vary the requirements herein set forth in accordance with the requirements of the governing authority of the insular possession. Shipments to the insular possessions will not be authorized without compliance with the requirements of the governing authorities thereof. In the case of a nontaxable transfer to a person in such insular possession, the exemption extends only to such transfer and not to prior transfers.

Arms Export Control Act

§ 479.122 Requirements.

(a) Persons engaged in the business of importing firearms are required by the Arms Export Control Act (22 U.S.C. 2778) to register with the Director. (See Part 447 of this chapter.)

(b) Persons engaged in the business of exporting firearms caliber .22 or larger are subject to the requirements of a license issued by the Secretary of State. Application for such license should be made to the Office of Munitions Control, Department of State, Washington, DC 20502, prior to exporting firearms.

Subpart I-Records and Returns

§ 479.131 Records.

For the purposes of this part, each manufacturer, importer, and dealer in firearms shall keep and maintain such records regarding the manufacture, importation, acquisition (whether by making, transfer, or otherwise), receipt, and disposition of firearms as are prescribed, and in the manner and place required, by part 478 of this chapter. In addition, each manufacturer, importer, and dealer shall maintain,

in chronological order, at his place of business a separate record consisting of the documents required by this part showing the registration of any firearm to him. If firearms owned or possessed by a manufacturer, importer, or dealer are stored or kept on premises other than the place of business shown on his special (occupational) tax stamp, the record establishing registration shall show where such firearms are stored or kept. The records required by this part shall be readily accessible for inspection at all reasonable times by ATF officers.

(Approved by the Office of Management and Budget under control number *1512-0387*)

Subpart J-Stolen or Lost Firearms or Documents

§ 479.141 Stolen or lost firearms.

Whenever any registered firearm is stolen or lost, the person losing possession thereof will, immediately upon discovery of such theft or loss, make a report to the Director showing the following: (a) Name and address of the person in whose name the firearm is registered, (b) kind of firearm, (c) serial number, (d) model, (e) caliber, (f) manufacturer of the firearm, (g) date and place of theft or loss, and (h) complete statement of facts and circumstances surrounding such theft or loss.

§ 479.142 Stolen or lost documents.

When any Form 1,2,3,4,5, 6A, or 10 (Firearms) evidencing possession of a firearm is stolen, lost, or destroyed, the person losing possession will immediately upon discovery of the theft, loss, or destruction report the matter to the Director. The report will show in detail the circumstances of the theft, loss, or destruction and will include all known facts which may serve to identify the document. Upon receipt of the report, the Director will make such investigation as appears appropriate and may issue a duplicate document upon such conditions as the circumstances warrant.

Subpart K-Examination of Books and Records

§ 479.151 Failure to make returns: Substitute returns.

If any person required by this part to make returns shall fail or refuse to make any such return within the time prescribed by this part or designated by the Director, then the return shall be made by an ATF officer upon inspection of the books, but the making of such return by an ATF officer shall not relieve the person from any default or penalty incurred by reason of failure to make such return.

§ 479.152 Penalties (records and returns).

Any person failing to keep records or make returns, or making, or causing the making of, a false entry on any application, return or record, knowing such entry to be false, is liable to fine and imprisonment as provided in section 5871, I.R.C.

Subpart L-Distribution and Sale of Stamps

§ 479.161 stamps.

National Firearms Act

"National Firearms Act" stamps evidencing payment of the transfer tax or tax on the making of a firearm are maintained by the Director. The remittance for purchase of the appropriate tax stamp shall be submitted with the application. Upon approval of the application, the Director will cause the appropriate tax to be paid by affixing the appropriate stamp to the application.

§ 479.162 Stamps authorized.

Adhesive stamps of the \$5 and \$200 denomination, bearing the words "National Firearms Act," have been prepared and only such stamps shall be used for the payment of the transfer tax and for the tax on the making of a firearm.

§ 479.163 Reuse of stamps prohibited.

A stamp once affixed to one document cannot lawfully be removed and affixed to another. Any person willfully reusing such a stamp shall be subject to the penalty prescribed by 26 U.S.C. 7208.

Subpart M-Redemption of or Allowance for Stamps or Refunds

§ 479.171 Redemption of or allowance for stamps.

Where a National Firearms Act stamp is destroyed, mutilated or rendered useless after purchase, and before liability has been incurred, such stamp may be redeemed by giving another stamp in lieu thereof. Claim for redemption of the stamp should be filed on ATF Form 2635 (5620.8) with the Director. Such claim shall be accompanied by the stamp or by a satisfactory explanation of the reasons why the stamp cannot be returned, and shall be filed within 3 years after the purchase of the stamp.

§ 479.172 Refunds.

As indicated in this part, the transfer tax or tax on the making of a firearm is ordinarily paid by the purchase and affixing of stamps, while special tax stamps are issued in payment of special (occupational) taxes. However, in exceptional cases, transfer tax, tax on the making of firearms, and/or special (occupational) tax may be paid pursuant to assessment. Claims for refunds of such taxes, paid pursuant to assessment, shall be filed on ATF Form 2635 (5620.8) within 3 years next after payment of the taxes. Such claims shall be filed with the regional director (compliance) serving the region in which the tax was paid. (For provisions relating to hand-carried documents and manner of filing, see 26 CFR 301.60911 (b) and 301.6402-2(a).) When an applicant to make or transfer a firearm wishes a refund of the tax paid on an approved application where the firearm was not made pursuant to an approved Form 1 (Firearms) or transfer of the firearm did not take place pursuant to an approved Form 4 (Firearms), the applicant shall file a claim for refund of the tax on ATF Form 2635 (5620.8) with the Director. The claim shall be accompanied by the approved application bearing the stamp and an explanation why the tax liability was not incurred. Such claim shall be filed within 3 years next after payment of the tax.

Subpart N-Penalties and Forfeitures

§ 479.181 Penalties.

Any person who violates or fails to comply with the requirements of 26 U.S.C. Chapter 53 shall, upon conviction, be subject to the penalties imposed under 26 U.S.C. 5871.

§ 479.182 Forfeitures.

Any firearm involved in any violation of the provisions of 26 U.S.C. Chapter 53, shall be subject to seizure, and forfeiture under the internal revenue laws: Provided, however, That the disposition of forfeited firearms shall be in conformance with the requirements of 26 U.S.C. 5872. In addition, any vessel, vehicle or aircraft used to transport, carry, convey or conceal or possess any firearm with respect to which there has been committed any violation of any provision of 26 U.S.C. Chapter 53, or the regulations in this part issued pursuant thereto, shall be subject to seizure and forfeiture under the Customs laws, as provided by the act of August 9, 1939 (49 U.S.C. App., Chapter 11).

Subpart O-Other Laws Applicable

§ 479.191 Applicability of other provisions of internal revenue laws.

All of the provisions of the internal revenue laws not inconsistent with the provisions of 26 U.S.C. Chapter 53 shall be applicable with respect to the taxes imposed by 26 U.S.C. 5801, 5811, and 5821 (see 26 U.S.C.5846).

§ 479.192 Commerce in firearms and ammunition.

For provisions relating to commerce in firearms and ammunition, including the movement of destructive devices, machine guns, short-barreled shotguns, or short-barreled rifles, see 18 U.S.C. Chapter 44, and Part 478 of this chapter issued pursuant thereto.

§ 479.193 Arms Export Control

For provisions relating to the registration and licensing of persons engaged in the business of manufacturing, importing or exporting arms, ammunition, or implements of war, see the Arms Export Control Act (22 U.S.C. 2778), and the regulations issued pursuant thereto. (See also Part 447 of this chapter.)
